VII. PERSONS PLACED ON AGENDA: 1.)Fairfield Manor(Anthony Acierno, Dave Jordan, Dave Luther)
Tony – Is here about the catch basin by Randy Smithley. It is to high for the water to go down. Wanted to know if there was suppose to be a shoulder cut on the roads. We did cut but Tony is stating Randy filled it back in with dirt. Tony is asking for it to be put back in because the water is ruining the roads in the trailer park. The catch basin in front of Randys needs to come down 6 inches to catch the water. Another problem is past Jessie Whipkeys driveway the water is coming across the road and not going into the pipe. Paul this will require a field visit because unsure of where the problem is. Township asked Tony's number to contact him for a field visit. Tony give us his cell number. Tony also wanted to know if the township has control over private sewage going to the corner catch basin. Vaughn stated that is a DEP matter and will probably have to be dye tested. Tony last and finally thing is during cleanup day that Paul stated that the manor is not supposed to come down. Paul told him no he stated you are not to bring a trailer clean out. No bringing trailer cleanout because it is bringing hazards to the workers. Curb side pickup from your current residents that are in good standing is acceptable. Dave Luther would like to know what we are paying a month for health insurance. He was told the township pays \$51,000/Month. Paul stated that would be line item 61 on June finanacial statement. The amount is \$8,293.80.
